Thoughts on Choosing and Using Books with Your Children

When Should I Start Reading to My Child?

Short Answer: As soon as you want!

Reading is simply another form of language, so why not? Most parents begin talking to their children from birth, and children begin absorbing understanding through voice tone even before the words make sense.

But, if you begin reading to your young infant, don’t do it with the agenda of getting them to polish off the Bible by the time they are one! (This sounds ridiculous, but it’s amazing what ideas we eager parents get into our heads!)

Do it to begin the pattern of enjoying time together, cuddled on your lap, listening to your voice and with an open heart.

Gradually, as your child develops, watch for cues that they are ready for more. You will see them begin to point to pictures or bring you particular books to read (usually over and over again!). Then you know they are engaging with not just the feel of reading, but the content of what you are reading. That’s when you can begin to really think about using books to fill their hearts and minds with truth.

Bible Storybooks FAQs

#1: What’s the difference between a Bible storybook and a full Bible? Which would you recommend to using?

A Bible storybook is a collection of Bible stories, written by an author, while the Bible is...well....the Bible--a translation of the entire Old Testament and New Testament into a particular language by a group of Bible scholars.

#2: What are some things to consider in using a Bible storybook?

The Advantages: A Bible storybook--like a good sermon-- can add descriptions about people and places that were known and assumed by the original writers and readers of the Bible, but that aren’t obvious to us. They can use language that may be much more suitable for younger children to understand. They can give spiritual insights that help both child and parent learn important truths about God and how He wants us to live. These are all wonderful things.

The Tricky Parts: But, Bible storybooks have their down sides, too. In an attempt to bring the story to life and “up-to-date”, authors may take quite a bit of creative license with language and emotion--adding things which may or may not be true. People who write Bible stories for children have to walk a very thin tightrope between bringing a story to life and not adding to it what isn’t there. Authors also may choose to shift the true main point of the story to something more to their liking--often a more simple, moralistic application. You must be on your guard to edit on the spot.
Tips for Choosing a Bible Storybook (as well as other Bible-based books)

#1 Theology: Check for sound theology! The story of Noah is often a good story to look at for this. Is it a story of the animals in the ark, or of the mercy and holiness of God towards sinful people? Praise God there are more and more good Bible storybooks with great theology available! But sometimes these books are so bad that you just can’t use them. Other times, there are books with only largely-good theology that are so attractively done, that you may choose to edit as you read them aloud rather than not use them at all.

#2 Pictures: Do they show Jesus’ face or not? Christian Focus books and Ella Lindvall do not illustrate Jesus’ face, feeling that is breaking the 2nd commandment regarding graven images. Many others disagree. They don’t believe it breaks the 2nd commandment to carefully use pictures to help teach young children.

#3 Creative License: Does the storybook add details that bring light to the story, but are in keeping with the original Bible text? How much license does the author take in adding extra details (especially emotional) that are not clearly inferred by the original Bible text? The Jesus Bible Storybook (Sally Lloyd-Jones) is an example of a Bible storybook that takes quite a bit of creative license, both in language and emotion enhancement. The Read-Aloud Stories (Ella Lindvall), The Children’s Story Bible (Catherine Vos), The Big Picture Bible (David Helm) and The Beginner’s Bible (Zonderkidz) are all examples of ones that do not.

#4 Main Point: Does the author seem to bring his own (often moralistic) main point to the story or does he stick to the main point of the original text? (A favorite example: Is the feeding of the 5000 about a little boy who shared his lunch or is it about Jesus revealing Himself as the Bread of Life, the Manna from Heaven, come to save God’s people?)

#5 Child-Appropriateness: Are the stories the right length and right language for your child?

#6 Story Choice in the Collection: Does the book offer enough stories? A good cross-section of stories from every part of the Bible?

#7 Use: Are you looking for one-off stories or for something more like a Bible overview?

#8 Appropriate Applications: Does it offer any resources to help you and your family apply the Bible truths to your life?
#1 What’s Your Goal?
Is your goal to begin to familiarize your child with a Bible version he will use the rest of their life, even if it is above his comprehension level (many times by quite a bit)? Realize that you will probably need to do more picking, choosing and explaining of passages for your child to understand what you are reading, if this is your approach.

OR

Is your goal to start your child in the process of understanding/reading with a Bible closer to his own comprehension level? If so, look for an easier translation, written on (or closer to) their level and “promote” them up gradually to Bibles with higher reading level as you go.

#2 Early Readers: They might be reading, but are they understanding?
There is a difference between what your early reader can read and what they are retaining. The technical words for this are “de-coding” (spelling out/pronouncing words) and “comprehension” (understanding and remembering what the words actually mean). Early readers are often working so hard to spell out or pronounce the words (de-coding) that there is little brain space leftover for comprehending at the same time. Check on how much they are comprehending by asking them a few questions about what they read. If they are remembering very little, chances are it’s that they are so busy de-coding. You may want to choose a simpler Bible version or largely stick to reading aloud to them as their reading skills improve.

#3 Take Some Translations for a Test Drive
Try out some different translations on your children and see what works best for them, based on your goals.

<tr>
<td>7th-8th Grade</td>
<td>New International Version 1984 (NIV 1984)</td>
<td>The version has long been the highly favored translation among evangelicals. It is very readable in both word choice and sentence structure. Most suitable for 5th grade and up. It is, however, being replaced by the NIV 2011, which is headed in a distinctly different direction (read below) NOTE: Soon these will only be available through the used Bible market! Right now you can still get them through <a href="http://www.christianbook.com">www.christianbook.com</a>. Apparently Zondervan sold the end of their inventory to them. <tr>
<td>7th-8th Grade</td>
<td>New International Version 2011 (NIV 2011)</td>
<td>The NIV 2011 has replaced the NIV 1984. It is not simply update of scholarship, but a shift towards gender neutral language. This is because of the NIV’s commitment to keep up with cultural changes in language. Furthermore, this same commitment means there will be other updates in this version in the future. So, to tie yourself to this Bible version is to tie yourself to further changes—difficult for curriculum writers and those who hope to memorize a Bible version that will remain available for years to come. For this reason, many conservative evangelicals are holding tightly to their old NIV 1984’s or shifting to other translations, frequently the ESV or the HCSB.</td>

**Bible Hybrids**

A Bible hybrid is a Bible that is a cross between a full translation Bible and a Bible story book. It is like a full translation Bible, because every word in it is from a direct translation of the Bible text. But it is also like a Bible story book, because it only includes selected stories or passages.

**#1 The Day by Day Begin-to-Read Bible**
A collection of the simplest stories included in the Day by Day Bible, listed below. Lots of pictures.

**#2 The Day by Day Bible**
This fuller version contains many more passages from every book of the Bible. It is not primarily story-centered, but passage-centered, so it is beginning to feel much/can be used much more like a regular Bible. No pictures.

**Other Special Features of The Day by Day Bible**
- Chronologically ordered, so that different parts of the Bible that fit together are presented together. So, the Psalms about David are slotted in the stories of his life from 1 Chronicles. The letters of Paul are slotted in with stories from the Book of Acts, etc.
- A checklist for reading through it in 365 days. Nice bite-sized chunks.
- Good bridge for non-readers to confident readers.
- Tons of good lists in the appendix to help you decide what to read to your child, whether with this Bible translation or another version. (lists: Stories by Bible Book; Stories in Chronological Order; 100 Key Teaching Stories; 100 Bedtime Stories; and 100 Stories for Good Family Discussion.)

**Should I Do Bible Memory and/or Catechism with My Children?**

Bible memory verses and catechisms are concise ways of putting a whole library of Bible truth in children’s heads. While some people balk at the idea of helping children memorize concepts deeper than they can fully understand, others see the goal not so much as achieving full, immediate understanding in a young child today, but leaving a legacy in his head for the future.

But on the other hand, don’t exasperate your child! Yes, they may be little memory sponges, but you can harden their hearts and discourage them with the very truths you want them to love by forcing them to do too much, too soon and in a format that just isn’t appropriate or effective for them.

Remember: your point isn’t just to check off the list that you taught these truths to your children. It’s to try to make them stick in places where they will stay for years. Better to do less but do it well, than to think you’ve done it all and done it poorly or at the cost of a soft heart.

And one more thing: there is more than one way to skin a rabbit! Bible memory and catechism doesn't always have to take a recitation format. There are many Bible verses and catechism-like questions and answers put to song. There are games you can play to help them learn, too.
Appendix E: Booklists and Articles from Truths to Teach, Stories to Tell

If nothing else, check out the resources for Hide ‘n’ Seek Kids and Deep Down Detectives at www.praisefactory.org. All the Bible verses and catechism-like Big Questions are set to song; and, there are simple movement activities (called Music, Movement and Memory) you can do with them. For elementary-aged kids, all 104 Praise Factory scripture verses are also set to music. And, there is a section of games that can be used as a fun way to memorize any Scripture Verse.

### What Books Can and Cannot Do

**WHAT BOOKS CAN DO:**

#1 Books can help you present truths in an orderly fashion.

#2 Books can be a springboard into important conversations with your children.

#3 Books can help you learn good language to use with your children (or other people’s children) on their level as you have those important conversations.

#4 Books can help leave a library of truth in your children that can be used by God their whole life: a kind of time release capsules of wisdom and knowledge.

#5 Books can provide a wonderful time of sharing for you and your child. You can build memories and intimacy as you share thoughts, time, and the warmth of touch with your arm around them.

**WHAT BOOKS CAN’T DO**

#1 Books can’t provide a one-size-fits-all formula for teaching every child. And if the book you read says it can, beware! It can’t!

#2 Books can’t save your child. No amount of books or information can bring salvation to your child! This is a work of God, by His Holy Spirit, in His perfect timing, according to His perfect will.

#3 Books can’t replace the testimony of a godly, faithful life, only enhance it. Books are one thing, but real life is another. How you live is the blank canvas for the truths you teach. Life paints them in vibrant, unforgettable colors. And remember: while God’s righteousness and love might be what we would always desire the canvas of our lives to show (and thank God for when it does!), God is just as faithful to use our failings to display Himself. When we do fail and humbly seek His (and others’) forgiveness, God is kind to use these times to reflect His mercy and compassion towards sinners—namely us and like our children. Our lives are much more about the business of REDEMPTION, than they are a picture of PERFECTION, as much as we might wish it to be otherwise. And through all of it, the truths about God we tell our children are brought to light.

#4 Books can’t replace your common-sense knowledge of your own child. It will take your discernment to know what the right type of book and the right pacing of learning is best for your child. What if your neighbor’s child can read already and yours doesn’t? Don’t push your child to hurry up and read if they aren’t ready. Help your child enjoy books as he is able. (FYI: reading is a developmental skill that can fully develop as late as 2nd grade! Be patient!) What if your friend’s child has read and memorized the entire book of Leviticus and can recite it backwards in Hebrew...while your child can hardly sit still let alone say their ABC’s? Stop comparing! Help your child learn, read and memorize as she is able! The point is making a connection with your child, where they are, not to keep up with the Jones!

Also, just because a book tells you to do something, doesn’t mean you should do it...unless it’s the Bible, of course! Weigh what you know about your child with what the book is asking them to do or understand. Is he ready for it, or would he be better off with a slower, simpler pace; or, a faster, more complex pace?
#5 Books can’t replace the wisdom of parents with children older than yours. It is easy to read a book and latch onto a particular system or ideal, only to find that you and/or your child is frustrated. This is especially true if you are an eager first-time parent. Seek out older, seasoned parents or even teachers who you know! They are invaluable resources! Parents with older children often have wrestled with similar issues and are able to give you good advice about how to use books to teach biblical truths to children and pitfalls to avoid. It can be especially helpful to particularly seek out parents who have a similar type of child as yours. Perhaps you have a wiggly Wade or a studious Susan. Talking to parents with older children of the same type can help you learn more about how to reach and teach your particular type of child, given their strengths and weaknesses.

Where Can I Get These Books?

#1 The CHBC Main Library: Downstairs (to borrow)
Some of these books will be on loan through the main CHBC Library located in the basement of the church. We are hoping to add quite a few more of the titles you see here to that collection, as space allows.

#2 The CHBC Children’s Resource Library: 3rd Floor (to borrow)
Books that we cannot fit downstairs in the Main CHBC Library, we will add to the Children’s Resource Library upstairs on the 3rd floor. Why not just put all the books up there? Because this library has a lot of other materials that are used only by the teachers and there is a lot to weed through.

#3 The CHBC Bookstall (to purchase)
Some of these books are available in the CHBC bookstall. If you find them there, they will be at about the best price you can find pretty much anywhere.

Great books are coming out all the time. This booklist is a snapshot of favorites available at the time of publication. The good news is there are far more new, good books out there by the time you are reading these words! This list is an appetizer and may introduce you to some new publishing houses filled with treasures for your family. The booklist online we try to keep updated with new favorites.

The books are grouped by category. Within each category, books are ordered loosely by age-appropriateness. Loosely, because children’s abilities and interests vary widely. Your best bet is to try out books with your children and see what is a good fit. Borrow it from the church library or a friend. You may also want to read online reviews and see what age child tends to be reading the book.

The Age Ratings: Wherever possible, I have listed the suggested age levels the publisher gives for each book. Again, these are simply guidelines! Look for a good fit for your child, not the publisher’s average child! It’s a good connection with your child—not with some publisher’s opinion that matters.

Where to Find These Books:
Most of these books can be ordered through amazon.com, christianfocus.com, cvbbs.com or wtsbooks.com. If there is an exclusive, unusual source of a particular book, I will list it. Otherwise, assume you can get it in through these four, major websites listed above.

Parenting Books

First Time parents (especially) beware of using these or any parenting books as a textbook for your child. Each book has its own bent and is most helpful when read in combination with other ones. Input from other parents—particularly those with older children—can be invaluable in learning to apply ideas to real live kids.

Parenting Books: The First Year of Parenting

On Becoming Baby Wise
Garry Ezzo, Robert Bucknam
We recommend only using this “secular” version of the Ezzo book. We do not condone Ezzo’s use of Scripture to prove scheduling and other concepts found in the other “Christian” version of this book (This is called Let the Children Come Along the Infant Way). Sleep scheduling, as he presents it, comes across as a strict necessity, rather rigidity put in place, instead of as a matter of helpfulness, nuance and understanding of your particular child. While there is a lot of very good material in this book, we strongly caution you, sometimes desperate first-time parents, who might be grasping for a fail-safe formula for raising children. Ezzo’s language can lead you to feel like you must do things his way, all-the-way in order for your children to come out well. Take his advice with a grain of salt and if in doubt, talk to other parents with older children to gain perspective in how to apply ideas to real live kids. Ezzo’s best ideas are helpfully balanced with Secrets of the Baby Whisperer, listed next.

Secrets of the Baby Whisperer
Tracy Hogg
This book conveys many of the same helpful ideas as the Ezzo book listed above, but without many of the legalistic trappings.

A Mother’s Heart
Jean Fleming

New First Three Years of Life: Completely Revised and Updated
Burton L. White
This secular book is based on Dr. White’s 37 years of actual observation and research of the developmental stages children 0 to 3 years go through. He gives very commonsense tips everything from best toys to buy to dealing with many common issues parents face with their child. Interestingly, Dr. White’s observations about what works best with children echoes much of biblical wisdom. Use it in combination with other Christian books on parenting.
Parenting Books: Toddlers and Up

The Shaping of the Christian Family: How My Parents Nurtured My Faith
Elizabeth Elliot

Give Them Grace: Dazzling Your Kids with the Love of Jesus
Elyse Fitzpatrick, Tullian Tchividjian
This is a good book to balance out other parenting books that have a very distinct “formula” to raising children. It can help parents remember not just the "method" but the grace that is so needful in winsome, godly parenting.

Don’t Make Me Count to Three
Ginger Plowman

Shepherding a Child’s Heart
Tedd Tripp
Some very good ideas, but very much influenced by a paedo-baptist covenant view of children in a Christian family.

Hints on Child Training
H. Clay Trumball
This is Elizabeth Elliot’s grandfather! While I would not use this book exclusively, he does bring a fresh, different perspective on parenting children that provides a very good balance to other general parenting books.

Loved by many families, but be aware! She does take more creative license in terms of language and emotion than most Bible story books. You may want to tone things down in a few places. This book borders more on literature rather than straight Bible story book. Better for family use. I would NOT suggest using it in its curriculum format (now available through amazon.com) because it sets an example of attributing emotional elements to characters in the Bible story that aren’t there and might not even be appropriate (like some of those she attributes God having in particular stories). We want Bible stories to come to life in our Sunday School classes, but we also want to be teaching our teachers and our children to study the Bible well. I don’t think that this book as curriculum sets a good didactic example to teachers or children. Leave this book for use as an enjoyable storybook.

Yes, I know it seems “old school,” but nothing charms preschoolers like flannelgraph. They are a great way to have the children interact with a story you are telling or to re-tell it back to you after you have read it to them.

*Proper flannelgraph can be purchased through Betty Lukens*
https://www.bettylukens.com

*Pictures that you print out on paper and laminate can be downloaded through Praise Factory* with the Hide ‘n’ Seek Kids and Deep Down Detectives. These go with each of the 85 preschool stories. A tale of the Australian bush that does a fantastic job of illustrating the gospel for kids. We turned it into a puppet show that our grade school kids put on for preschoolers. High schoolers at a local Christian school did the puppet show for their mission trips to some overseas orphanages.

Truth and Grace Memory Books
Tom Ascol
These are a Reformed Baptist set of books which sets catechism questions from the Baptist Catechism as well as memory verses to be learned from 2 years old through 4th (Book 1) and 5th through 8th grade (Book 2). Great words of advice in the foreword about how to approach use of these books. I would caution you to both encourage your child to learn these, yet always put your commonsense hat when looking at what someone else sets as an appropriate agenda for your child's grade/age. Better to learn less with a soft heart than to force through everything listed for your child's age group and actually embitter them.

Available through used book stores. Can find them through amazon.com.

Some Caleb Project Resources related to T,H,U,M,B. Great resources for telling children about the 10/40 window and the different people groups there. But, be aware that we found that we needed to re-word some of the resources because of theological differences.
