
Unit 4 Big Question and Answer Extra Craft

Coloring, Gluing and Sticking Activity

Craft Description

Children will color and decorate the number associated with the Big Question they are learning.

Supplies

White paper (cardstock is best)

Crayons, colored pencils, markers

Glue sticks

Small decorating items, such as glitter glue, colored paper dots (made with a hole punch), small fabric scraps, pom poms, sequins, small tissue or foil pieces, etc.

Preparation

1. Print out copies of the Big Question and Answer and the Number onto separate sheets of paper.
2. Cut out the circle around the number.
3. Set out coloring and decorating supplies.
4. Make an example of each card to show the children.

Directions

1. Show the children your example, telling them they are decorating and practicing the Big Question and Answer to go and tell their families and friends.
2. Have children first color their Big Question and Answer sheets,
3. Then have them use the additional decorating supplies to fill in the space around their number.
4. Glue the number in place.
5. Write child's name on card.
6. Allow cards to dry.

If you don't want to use the extra decorating supplies, just have the children coloring in their numbers and glue them in place on their Big Question and Answer sheet.

Practice Telling

Have the children practice holding up the Big Question and saying it. You can have fun with this by having the children mimic when you raise it up, how you say it, etc. a sort of Simon Says element.
